Charles F. Pollock, Jr.

Strategic Plan for Special Education Local Advisory Committee (SELAC) for the Upcoming 2024-2025 School Year

1. **Establish Clear Objectives**: Define specific goals and objectives for the SELAC for the upcoming school year, considering the needs of special education students in the local community.
2. **Identify Key Priorities**: Prioritize areas of focus such as improving communication between parents, educators, and administrators, advocating for resources and support for special education programs, and addressing any identified gaps in services.
3. **Engage Stakeholders**: Reach out to parents, educators, students, administrators, and community members to ensure diverse perspectives are represented in the committee's discussions and decisions.
4. **Schedule Regular Meetings**: Set a schedule for regular meetings throughout the school year to review progress, discuss challenges, and plan future actions effectively.
5. **Develop Communication Channels**: Establish effective communication channels, including newsletters, social media platforms, and email lists, to keep stakeholders informed about SELAC activities and opportunities for involvement.
6. **Collaborate with School Leadership**: Foster a collaborative relationship with school leadership to advocate for the needs of special education students and ensure that their voices are heard in decision-making processes.
7. **Plan Outreach Events**: Organize outreach events such as workshops, seminars, or informational sessions to provide resources and support to parents and educators of special education students.
8. **Monitor and Evaluate Progress**: Regularly assess the effectiveness of SELAC initiatives and adjust strategies as needed to ensure meaningful impact on the special education community.
9. **Advocate for Policy Changes**: Identify opportunities to advocate for policy changes at the local level to improve special education services and support for students with disabilities.
10. **Celebrate Achievements**: Recognize and celebrate achievements and milestones reached by the SELAC and the special education community, reinforcing a sense of accomplishment and motivation for continued efforts.

By following this strategic plan, the SELAC can effectively advocate for the needs of special education students and contribute to creating a supportive and inclusive learning environment in the local community.
